The El Reno News figures this way: Canadian county has 125,000 acres in wheat. Twenty bushels to the acre is a reasonable estimate, and that means two-and-one-half million bushels of wheat. An average price of fifty cents a bushel means one and a half million dollars to the farmers, and that means money to burn.

A new little girl's composition on woman is out. It says: 'Boys are men that has not got as big as their papas, and girls are women that will be ladies by and by. Man was made before woman. When God looked at Adam, he said to himself: 'Well, I think I can do better if I try again.' And he made Eve. Boys are a trouble. They wear out everything but soap. If I had my way the world would be girl and the rest soils. My papa is so nice that I think he must have been a little girl when he was a little boy. Man was made and on the seventh day he rested. Woman was made and she has never rested since.'

About 1 o'clock last night Assistant Chief of Police Bishop discovered a man running rapidly away from J. H. Gagan's saloon. After an exciting chase the fugitive was overhauled and placed under arrest and proved to be one 'Sheeny' Robinson, a negro of some notoriety, who has been arrested several times on suspicion, but who has heretofore escaped conviction by lack of direct proof. The prisoner was taken back to the Gagan saloon, where it was found that the till of the establishment had been tapped and about \$7 extracted. A search of the prisoner disclosed \$35, a corresponding amount which had just been taken from the till being found in his pocket, the balance being in a pocketbook. Robinson is now in the county jail.

Electric Bitters is a medicine suited for any season, but perhaps more generally needed when the languid, exhausted feeling prevails, when the liver is torpid and sluggish and the need of a tonic and alterative is felt. A prompt use of this medicine has often averted long and perhaps fatal bilious fevers. No medicine will act more surely in counteracting and freeing the system from the malarial poison. Dizziness yields to Electric Bitters. Fifty cents and \$1 per bottle at C. R. Renfro's drug store.

STRAW HATS AND SUNSHINE.

What is prettier than a neat, dressy hat; what is more pleasant than sunshine? Nothing could make us feel better than the beautiful sunshine after a dearth of rain, floods and windstorms which have been a source of worry to everyone. Every straw hat we possess is likened unto a ray of sunshine, which adds light and beauty to all who wear them.

We have made a specialty this season of the celebrated Brigham, Hopkins Co.'s Straw Hats, which possess all of the good qualities that may possibly be combined with elegance, grace and comfort.

The becoming Straw Hat for the Youth, Young Man, Middle Age and the Old Gentleman's Hat, we have them all and do not imagine we have neglected the small boy for we haven't. Just send them in and we will, if 'tis possible, make them better boys, by giving them the best straw hat for service and good looks that the lowest price and a slim purse will buy.

Be sure and come at once while we have this immense assortment of styles and sizes for we cannot duplicate any of these lines, and remember that 25c, 35c, 50c, 75c, and \$1.00, 1.25, 1.50, 1.75, 2.00, 2.50 and 3.00 buys the best that are made and the prettiest designs.
